

# Empowering Accessibility with AI-driven Efficiency

At Straive, we believe accessibility should be seamless. SPACE is our AI-powered platform designed to transform how organizations create alt-text, remediate existing file formats, and ensure compliance with accessibility standards — faster, smarter, and at scale.

## AI at the core of Accessibility

## Proven at scale, Trusted by experts

**>1M**

Images handled annually for alt-text creation

**50K+**

ePUB files remediated as part of backlist remediation for a client

**40+**

Subject domains

Agentic AI approach

## About Straive

As a data analytics and AI operationalization company, we don't just build top-tier data analytics and AI solutions—we integrate them seamlessly into your core workflows. This approach drives enhanced efficiency, improves user experience, and boosts revenue, setting you apart from the competition.

Serving a diverse range of industries— including Pharmaceutical & Life Sciences, Logistics, Supply Chain & Manufacturing, Research & Publishing, Information Services, EdTech, Banking & Financial services, Retail Tech, and Entertainment & Media— we have a global client base spanning over 30 countries.

Our strategically positioned resource pool operates across seven countries, including the Philippines, India, the United States, Nicaragua, Vietnam, the United Kingdom, and Singapore, where the company is headquartered.
