Why Straive

Operationalizing Data and AI

We embed AI into workflows—driving real outcomes across efficiency, experience, and revenue, not just proof-of-concept pilots.

Human Oversight in Every Loop

Our expert-in-the-loop model ensures AI outputs are accurate, ethical, and aligned with business context and domain expectations.

Enterprise-Scale GenAI Enablement

From LLM experimentation to production deployment, we build GenAI applications integrated with enterprise systems for real-time impact.

Faster AI Deployment Cycles

Our accelerators and orchestration tools reduce time-to-value—launching scalable AI solutions in days or weeks, not months.

Proven Cross-Industry Expertise

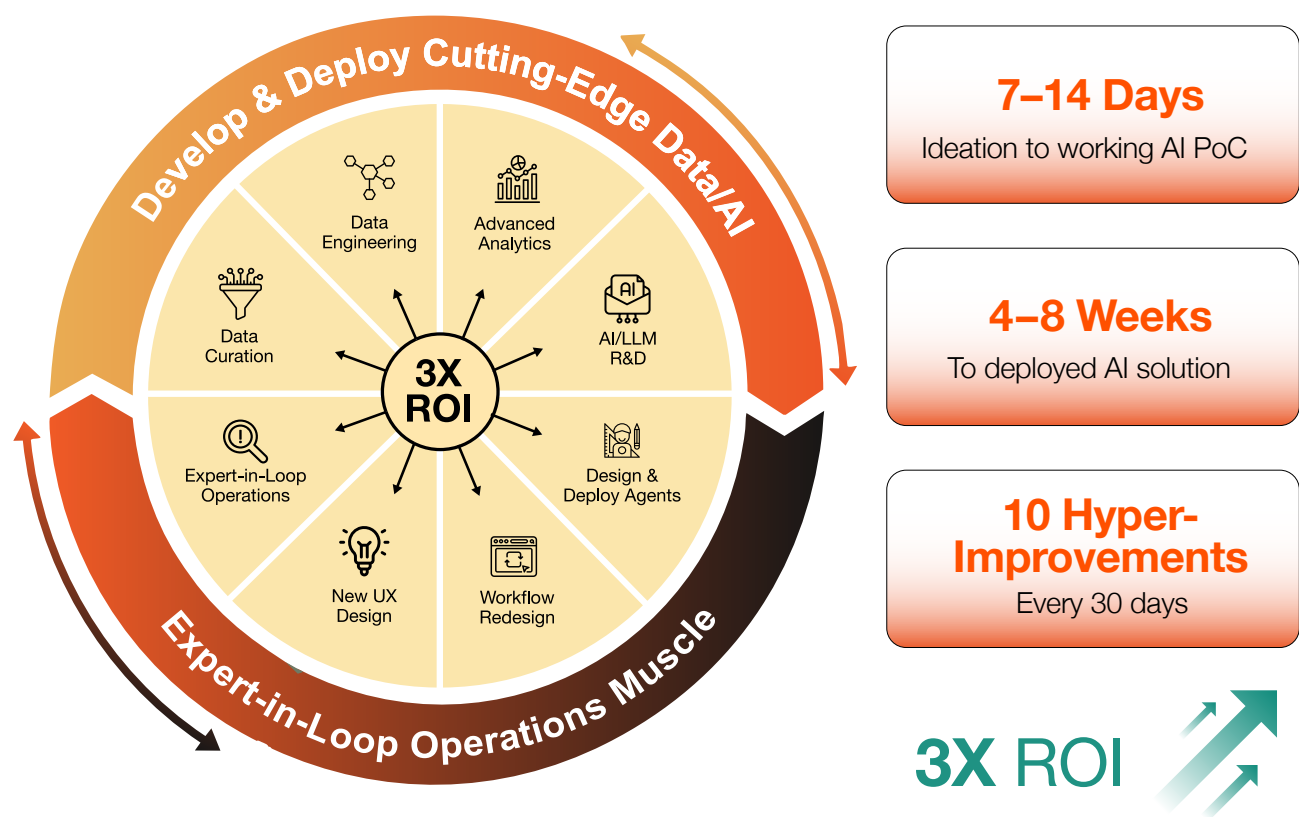

Trusted by 200+ Fortune 500s across EdTech, Pharma, Finance, and Research for tailored, high-impact AI and data transformation.

Driving Tangible Business Outcomes

We deliver 3–5x ROI by aligning AI initiatives with core business goals—ensuring every deployment creates measurable enterprise value.

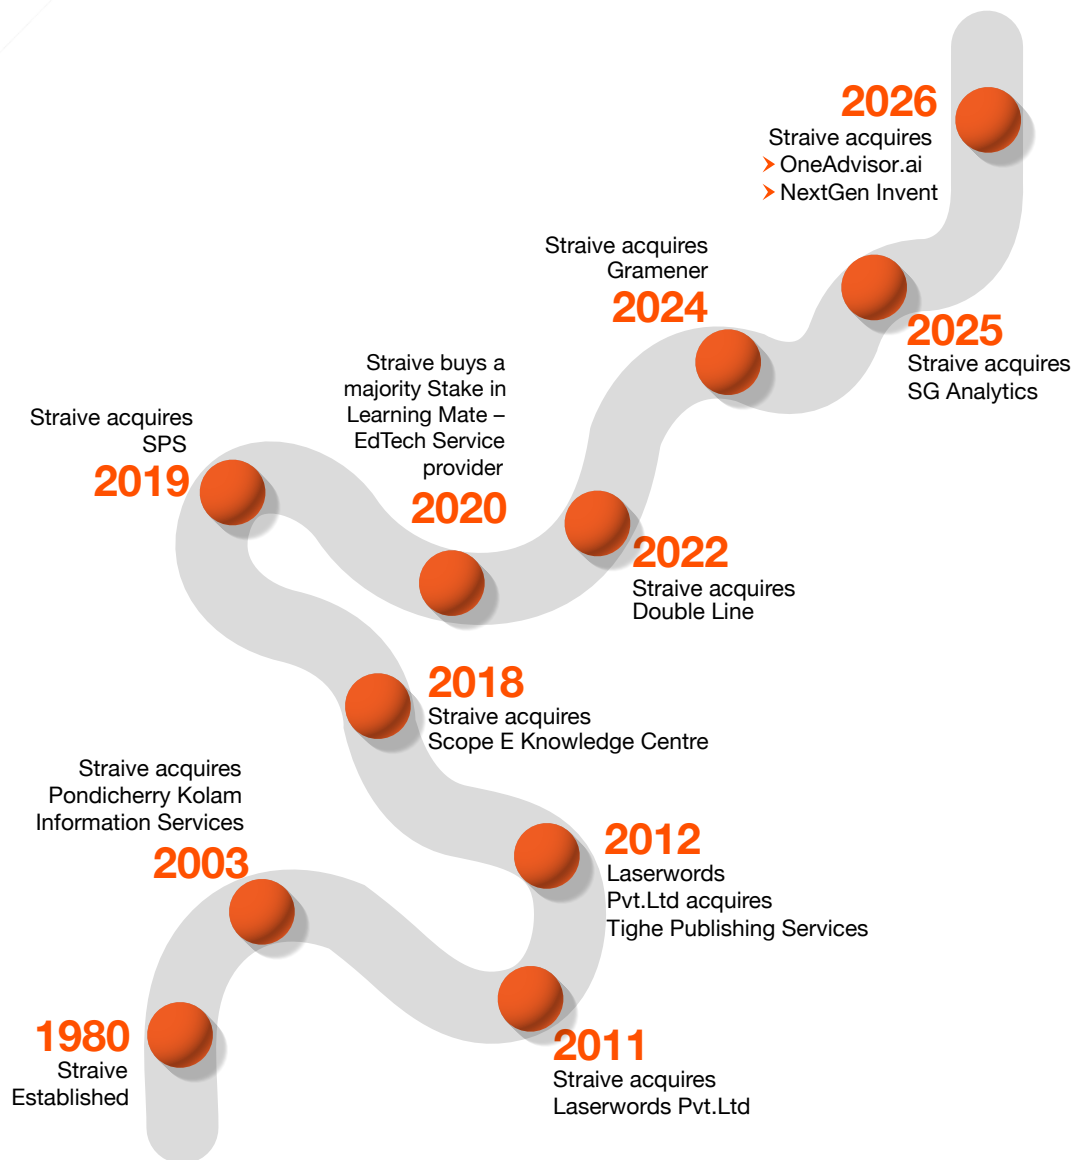

3x ROI-How We Deliver Results

Our Presence Across the Globe

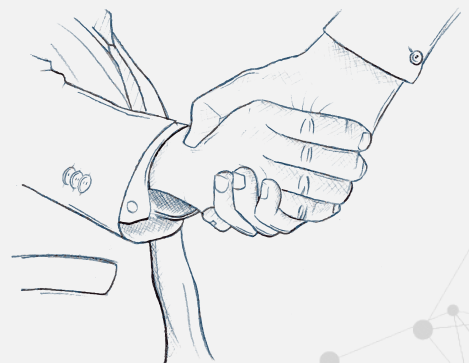

Fueling Growth Through Strategic M&A

Join Straive

Be part of a team that's transforming businesses through Data, Analytics, and AI. Build innovative solutions, accelerate your growth, and create meaningful impact every day.

Shape the Future with Straive. Explore Opportunities Today.

About Straive

At Straive, we operationalize Data Analytics and AI for global enterprises and work with several Fortune 500 companies. We don't just build top-tier data analytics and AI solutions— we integrate them seamlessly into your core workflows. This approach drives enhanced efficiency, improves user experience, and boosts client revenue, setting you apart from the competition.

Straive serves clients in various industries, including Banking and Financial Services, GCC, Retail and CPG, Media, Sports and Entertainment, EdTech, Science and Research, Logistics and Supply Chain, Education, and Pharmaceutical and Life Sciences.

Our strategically positioned resource pool operates in ten countries: the Philippines, India, the United States, Nicaragua, Vietnam, the United Kingdom, Singapore, South Africa, UAE, and Canada.

We have been recognized as Leaders in AIM Research's Generative AI and Data Engineering PeMa Quadrants - 2026, a Star Performer in the Data & AI services specialists – Everest's North America PEAK Matrix 2025, and among Leaders in AIM's Pema Quadrant of Agentic AI Service Providers - 2025.
